

Papua New Guinea

Mipala Hamamas Lon Lukim Yu

Towering mountain peaks, lush, fertile valleys, golden beaches, sparkling coral islands and some of the best diving locations in the world.

Papua New Guinea is a country of wild beauty, of breathe taking landscapes and of fascinating flora and fauna.

Papua New Guinea is a country rich in natural resources but its wealth of tradition, beauty and history is unparalleled in the Pacific. From the magnificent beaches to the cool highlands, the world above water is equally fascinating.

Take a breath of fresh, crisp mountain air 4,500 meters up at the base of Mount Wilhelm, the country's highest peak.

Thirty eight of the forty three known species of exotic Birds of Paradise are found in PNG together with countless butterflies and over 2,000 magnificent species of orchid.

Beauty also lies in the people who still today, observe their delicate traditions and culture.

Papua New Guinea has the biggest land mass of all the island nations of the region, covering 465,000 km² and includes some 600 islands, atolls and coral reefs that guard the nations coastline and unites 200 different and distinct cultures and over 800 different languages.
