We are happy to announce that the final stage of our development, the new Ocean Front Suites are now complete!

The accommodation does indeed have the WOW!! factor. The suites are spacious and elegantly furnished with cane and natural wood. The bathroom fittings in the two bathrooms add a further touch of class with roomy showers, pedestal style hand basins, marble vanities and an attractive array of amenities. The claw-foot bath downstairs is deep and inviting. There is a private balcony off the mezzanine floor and the patio off the bottom offers easy access to the beach, which is just, steps away.

The Suites are like a home away from home, (without cooking facilities)

‘This actually has to be experienced ‘ We can describe it all we like, show photos and power point presentations, but the only thing that will do it justice is a visit. We hope to see you here soon!

The good news does not end here...

Mana is also happy to announce that our reservations system is now on BED BANK.....Please inform your reservations staff of this good news. We are sure they will be delighted to hear it and hope it will result in even more bookings for MANA.....

Vinaka,
Mere Raoma.....23 February 2004
