

A STAR IS BORN

Navutu Stars Resort

The authenticity you expect, all the comfort you need

Navutu Stars is a new luxurious boutique resort, nestled on the island of Yaqeta, Yasawa, opening in November, 2005. Our guests will choose from 9 individually designed, thatched-roof beachfront Bures (two honeymoon suites featuring own spa) stretched over three secluded bays.

Our menu offers a fusion of European, Asian and Fijian cuisine and a great selection from the Old and New World vineyards. In our Spa Bure, Fijian traditional beauty remedies are blended with the best of Western cosmetics.

Our clients will also have the opportunity to enjoy authentic Fijian village experience, diving, non motorized watersports, yoga workshops among a host of other activities or just do nothing.

Navutu Stars aims for a four to five star clientele of well travelled well educated professionals, and is ideal for couples and honeymooners looking for a romantic escape. Weddings and renewal of vows packages are available.

Navutu Stars Resort is on track for construction work to be completed by November and we are taking bookings from the 01st of December, 2005 onwards. Our opening special rates of: F\$600.00 + Fiji Govt Tax (12.5%) per couple per night in the Beachfront Bure (which is 70 square metres) and F\$720.00 + Fiji Govt Tax (12.5%) per couple per night for the Grand Bure (which is 80 square metres with own spa bath) includes full Continental breakfast, welcome tropical cocktails, fruit platter and complimentary massage.

Navutu Stars Resort is owned by Manfredi de Lucia and Maddalena Morandi, two dynamic Italians who lived and worked in London for 10 years until they decided to move to Fiji two years ago and create the resort of their dreams.
