

**Fakalofa lahi atu! - Welcome to Niue Now!, Issue 1.**

**Greetings friends!  
Welcome to the first ever issue of our**

**brand new electronic newsletter.**

**Designed to quickly and easily keep you informed of tourism to, and in Niue.**

**We'll publish only when there's real news to tell you - and right now there's heaps!**

#### **NEW AIR SERVICE!**

We're proud to begin this first ever issue with the best news possible.

Air New Zealand begins weekly flights to Niue from 4 November 2005. A Boeing 737-300 departs 10 PM (2200 hrs) every Friday night ex Auckland, crossing the date line to land in Niue at 1.40 AM (0140 hrs) the same day.

The return flight will depart Niue at 2.40 AM (0240 hrs) and arrive back in Auckland at 6.40 AM (0640 hrs) on Saturday, having crossed the dateline again.

There'll be 126 seats available per flight so the frequent wait-listing problems experienced with Polynesian Airlines is now history.

**FACT! - Niue is not tiny! It's four and half times the size of Rarotonga, so we're never crowded.**

**AIR NEW ZEALAND**

**>> Niue One Way Airfares  
From NZ\$259 + NZ\$70 Taxes & Surcharges  
(Internet Only Fare)**

Share all the latest Niue News with your friends, secure in the knowledge that we will not keep their email address. We loathe SPAM as much as you!...

## NEW DIVE OPERATION!

Niue Dive, our sole dive operation is fully back in business after major reconstruction. Proprietors Annie Franklin & Ian Grey have moved their Niue Dive business next door to the Matavai Resort, Niue's premier hotel. They're fully qualified PADI Course Instructors, offering PADI courses right up to Divemaster level, so can handle timid novices to gallant experts!

They're also equipped and skilled to offer full dive charters, along with thrilling whale and dolphin encounters. All this with a massive complement of new dive and snorkel hire gear, boat and equipment. A full photo folio can be seen on our [website](#).

For booking details contact the dive experts at [Dive Fish Snow Travel, Auckland](#), Ph: 0508 348 334 (NZ only) or [United Travel Blockhouse Bay, Auckland](#), Ph:0800 883 789 (NZ only)

**FACT! - Niue has amongst the best underwater visibility in the world. It's a rocky atoll, not a sandy one, so our waters are free of murky silt run-off from the land. This means underwater visibility is rarely less than 40 metres and sometimes up to 70m! Compare that to elsewhere in the Pacific!**

## NEW! ONLINE TRADE SECTION

We've launched a new website section especially for those of you directly involved in the tourism or media industries. Using a unique password you can easily access and download rates, maps, brochures, retail offers, airline information, logo's and review the newsletter archive. or place orders for printed sales materials or image CD's/DVD's.

>> A typical view of Niue's coastline visible from the ring road that spans our entire island...

### **NAMUKULU ALL GO GO**

The Namukulu Motel has been fully operational in its new location for several months. This brilliantly run motel has traditionally had a devoted following, with returning guests staying nowhere else. Sparkling clean, comfortable, well-designed and furnished, it's been relocated away from the coast edge and up a nearby hill, so the sea-views are stunning.

Owners Robyn and Joe Wright have also recently completed their new fresh water swimming pool. A full photo folio can be seen on our [website](#).

**FACT! - The only airline that flies to Niue is Air New Zealand. But you knew that didn't you!**
